VOL. XXIV. No. 52.

BOSTON, MASS., MONDAY, FEBRUARY 27, 1905.

PRICE THREE CENTS.

## COURSE IV. COMPETITION.

**Architectural Prizes Awarded to Members of the Third Year Class.**

Last year the graduating class in Course IV, founded two prizes of ten dollars each to be given yearly to the regular and special students whose designs shall be placed first in a competition to be held between the Christmas and Mid-year recesses, the fund to be known as the "Class of 1904 Competition Prize."

The prize is for the benefit of the third year class, and the first award has just been made to Mr. A. A. Blodgett of the regulars, and Mr. P. F. Mann of the specials. Mention were also given to Messrs. Campbell, Lebenbaum, Stebbins, Donovan, Honeyman, Loring, Merrow, Lichtenstein, Walter. In all there were twenty-five competitors.

### Electro-Chemist's Annual Convention.

The American Electro-Chemical Society will this year hold its Annual Convention in Boston, on April 25, 26 and 27. By arrangements made through those of its officers who are connected with the Institute, most of the meetings are to be held in the Institute buildings.

The increasing interest in this branch of Chemistry, makes these meetings of great importance. Leading authorities of this country will be present this year and read papers.

Dr. W. H. Walker, of the Institute, is chairman of the committee of arrangements; Prof. H. P. Talbot is secretary and treasurer.

### Professor Tyler to Go Abroad.

Professor Tyler has been granted leave of absence for the remainder of the school year and sails for France on Saturday, March 4. Plans for conducting his mathematical and administrative work will be stated in a later issue.

Professor Tyler spent last summer in France and his children have been attending a French school in Paris during the past winter. In the course of the spring it is his intention to become better acquainted with the French and German technological schools and to devote considerable time also to various mathematical matters and incidental traveling. He expects to return to the Institute in August.

## PLAYED CLOSE GAME.

**Tech Loses Basket Ball at Worcester Polytechnic Institute**

Tech lost the basket ball game with Worcester Polytech Friday evening, by the score of 29-20. The game was very fast and at times proved very rough. The attendance was 250. The two teams lined up as follows:

WORCESTER TECH	M. I. T.
Hall, r.f.	Burleigh l.b.
Peters, l.f.	Wiggin r.b.
Lawley, c.	Wentworth, c.
Steimer, r.b.	Blake l.f. (captain)
Martin, l.b. (captain)	Mathison, r.f.

Baskets from floor—Peters 7, Hall 3, Wiggin, 3, Matheson 3, Wentworth 2, Steimer 2, Lawley, Martin, Burleigh. Baskets on free tries—Peters, Blake, Wiggin. Free tries missed—Blake 5, Martin, 3, Peters. Fouls called—Worcester 8, Boston 6. Referee, W. L. Towne, Worcester. Umpire, Coey, Boston. Timers—Merrill and Fredericks. Time—Two 20-minute halves.

### Freshmen Win Hockey.

The Freshmen Hockey Team defeated the Sophomores in the first game of the class series, at the Tech Rink, Friday afternoon. The game was loosely played. During the first half the Sophomores played together well, and scored 3 goals to their opponents 1. In the second half, however, the Freshmen played a good game and scored 4 times.

Coupal and Sharp played best for the Sophomores, and Ford, Weinz and Dwight played a good game for the Freshmen.

The Hockey game between the Seniors and Juniors, scheduled for Saturday afternoon, was postponed on account of the poor condition of the ice. They will play today at the Tech Rink, at 4 p.m.

### Fencing.

The fencing meet on March 3 will be a triangular meet between Harvard, Cornell and Tech, and will be held at the Tech Gym. The management announce that there will be a number of reserved seats. The fencing meet to have been held last Saturday evening at Hemenway Gymnasium was cancelled because the Yale and U. of P. teams were unable to compete.

There have been several suit cases and packages left at the Cage which have not been called for.

## COMMISSIONER OF EDUCATION

**Chances of Fame for College Graduates Large.**

The latest report of the United States Commissioner of Education gives interesting figures with regard to the influence of education upon success in life.

The standard of success used is the inclusion of the name among the 10,000 persons mentioned in the latest "Who's Who in America."

Of this 10,000, the number "with college training" was 7,709. This number in itself is significant, but when it is also remembered that the 7,709 are all from a class not numbering more than 300,000 in all, while the 2,291 are the only distinguished ones out of all the remaining body of male adult persons, it is computed that the chances seem to be two hundred to one in favor of the highly educated ones.

Similar statistics were made in 1893, but more comprehensive because the basis used was mentioned in Appleton's Cyclopædia of American Biography, which included not only distinguished men of the time, but of earlier periods also. The actual ratio was less, about one-third, but relatively to the small comparative number of technical school and college graduates, it was computed that training made the probability of the man's success two hundred and fifty times as great.

### Dr. Pritchett in Chicago.

Dr. Pritchett was the orator at the Chicago Union League Club's annual celebration of Washington's birthday. He took as his subject, "Is Politics a Profession or a Business?" He spoke of the great need of solving the Negro Problem and of the need of clean politics. "Politics as a profession," he said, "is one of the noblest of callings; politics as a business is one of the lowest and most demoralizing relations."

Pres. Wm. R. Harper of the University of Chicago, has recovered from the operation he underwent last Wednesday. He is afflicted with a dangerous cancer, but no attempt to remove it was made. An X-Ray treatment will be taken up, with reasonable hopes that the disease may be checked.

WILLIAM A. NICHOLS, PRINTER, 220 SUMMER ST., REAR

THE TECH finds it necessary to request students who hand in notices to write them upon paper of at least the five by eight note size. Small slips, excepting the printed calendar blanks, are liable to be lost or ignored. Paper for notices may be obtained at the News Bureau.

The Bursar is at present much embarrassed by the delinquency of a number of students in regard to their Institute dues. The majority of the cases are Cap Fit? undoubtedly due to mere procrastination. In a college which is endeavoring to train men for the precision and punctuality of scientific work, it is unpleasant to be forced to record this fact.

In spite of a very discouraging beginning, the Hockey Team has this year, by determined and conscientious effort, demonstrated that it is entirely possible to develop a creditable team at Tech. In order not only to reward the members of this year's team, but also to encourage future activity, it is only just that the Hockey Team should receive the recognition which they seek.

## Roosevelt's Inauguration.

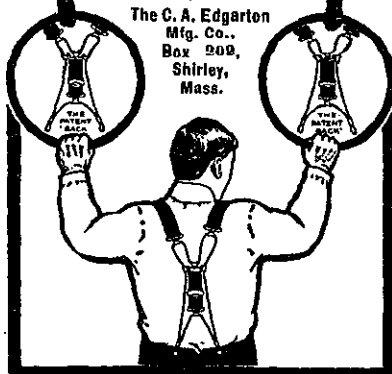

The officers of the Republican Club have received numerous letters from the Inaugural Committee at Washington, D. C., urging a large delegation of Tech men at Washington on March 4 next, to march in the Inaugural parade. One of the features of the parade is to be a section of college men marching with banners and colors and the Committee hope to have 5,000 students in line. Technology is to be granted a prominent place in line, if a sufficiently large delegation is sent. Special rates have been secured on all the railroads and the trip will be well worth the time and expense necessary to make it. Washington will that week be especially gay as the Inaugural ceremonies Saturday are to surpass those of any previous years, in splendor and extensiveness. Any men who wish to take advantage of this unusual opportunity to see Washington under particularly advantageous circumstances are asked to see the President of the Republican Club.

Andrew Carnegie has offered the University of Virginia \$500,000 on condition that the University raises an equal amount.

## PRESIDENT Suspenders

give comfort to every movement of the body. Perfect freedom and ease is guaranteed by the patent adjustable back. It moves with you; relieves the strain—the pull—the bind. You wear them without realizing it. President Suspenders should be worn by college men of every build—in "every class"—at work or play, because there are none so easy; because of the guaranteed satisfaction that goes with each pair. Price 60c. and \$1.00, every store, everywhere or mailed, postpaid.

Lillian Russell was made to feel decidedly at home, after the opening of her Boston engagement, and in "Lady Teazle" she has resumed the position which is rightfully hers, of the principal prima donna on the American comic opera stage. She has a perfect medium for the display of her talents, "Lady Teazle" being a delightful comic opera, made from "The School for Scandal," by John Kendrick Bangs and A. Baldwin Sloane. The work is given with all the superb production seen at the New York Casino, and the company is the strongest that has appeared here in a long time.

**Colonial Theatre.**

Sir Charles Wyndham is in the second and last week of his engagement in this city, and only a few more opportunities remain for the Bostonians who wish to enjoy the splendid art of this distinguished actor-manager from London. The programme for the week is as follows: "Mrs. Goring's Necklace," Monday and Tuesday evenings; Wednesday matinee, "The Case of Rebellious Susan;" Wednesday, Thursday, Friday and Satur-

day evenings, "David Garrick," Saturday matinee, to be announced. Mary Moore has recovered from her illness, and will appear in each play.

**Park Theatre.**

Cecilia Loftus is a new star to Boston, but the welcome accorded her in "The Serio-Comic Governess" indicates that she will be a permanent favorite here. Indeed, she has always been liked by local playgoers, since the days when she first came here with her imitations of famous players. It is especially interesting that this comedy gives her a chance to give some of these clever imitations, and they are encored at every performance. Miss Loftus is a delightful comedienne, and her advancement to her present position is deserved.

**Tremont Theatre.**

Mr. E. S. Willard, the distinguished English actor, who has not been seen in Boston since November, 1902, will reappear at the Tremont Theatre tonight, to fulfill a two weeks' engagement. He will present the first week, "The Brighter Side," a translation of Alfred Capus' play, "La Chatelaine."
